

Technical Datasheet

Analysis Name:	Specific Migration of Metals in Packing Materials
Method Number:	LIBR 120
Scope Application:	This method describes a procedure for specific migration of metals in packaging materials.
Description:	Packaging material are exposed to simulant acetic acid and metals migrated are measured by ICP-MS.
Sample Weight Required:	Sheet of laminated (1 m)
Method Reference:	-
Analytical Platform:	ICP-MS
Special Information:	Method not accredited.
